

Qualification/eligibility for the Championship Final.

Except for the Enjoy/Ready Set classes, players who achieve top placements in each regional tournament among the six categories will be granted qualification/eligibility to participate in the Championship Final.

Number of qualifications/eligibility slots awarded.

In the Mini-Z Cup, the top 3 finishers are awarded qualification rights, and in the Mini-Z Meeting, the top 2 finishers are awarded qualification rights.

In the EVO Novice Class, the Miniz Cup awards qualification to the winners of the A, B, and C Mains (if the number of participants is 32 or fewer, then only up to the B Main).

In the Mini-Z Meeting, participation rights are awarded to the winners of both the A and B Mains (if the number of participants is 24 or fewer, then only the A Main winner receives the right). *Except for unavoidable circumstances, (participants must) attend the awards ceremony.

If you are unable to attend, it will be considered a withdrawal from the awards, and qualification/participation rights will not be granted. Please make sure to plan your schedule with enough flexibility to attend.

About double entry

*See also the EVO Novice Class.

Each player may enter up to 2 classes. (Double entry on the same day is not allowed.)

※Double entry is permitted only in both the Enjoy Class and the Ready Set Class. However, please note that the chassis regulations differ between the two.

※If both classes entered through double entry have qualification/participation rights, those rights take effect at the moment they are earned.

Competitors who have obtained qualification/participation rights are prohibited from entering any further races.

Applications under a handle name or pen name are not permitted. Please provide your full name (with furigana).

The ideal class for a race debut

In the Enjoy Class, all winners of the Final Mains will be awarded! If there are 5 or more applicants, an Enjoy Run Class will also be held in a practice-session format.

If you want to enjoy a driving session at your own pace rather than competing for time, choose the Enjoy Run. For those with little experience on the course, even completing a single lap of the large Miniz Cup track offers plenty of challenge!

	Class	Finals Eligibility to compete	Event Date	Chassis	Body ※3 ※11	Battery	Motor / Pinion & Spur Gear	Trans- mitter	Tires & Wheels	
ENJOY	Enjoy Class ※ Those who have previously earned Final representation rights are not eligible to participate	None	Saturday /Sunday	RWD/AWD(MA-020) MR-03VE PRO/EVO MA-020/VE PRO MA-030EVO/EVO2 MR-04EVO2	Only Kyosho or R246 MINI-Z Racer / AWD tires are permitted.	SPEED HOUSE	Only Kyosho Mini-Z Racer models designed for AWD are permitted.	Approved Transmitters for the MINI-Z Cup	Only Kyosho MINI-Z Racer tires are permitted.	ENJOY
READYSET	Ready-Set Class ※ 1 ※ Participants who have previously earned Final representation rights are not eligible to enter.	None	Sunday	RWD(MR-03/MR-04)		(No.71998)	MZ9P→6T×44T	KT-531P	However, drift tires are excluded. *4 *5	READYSET

After debut, challenge in 6 different classes

Recommended for those already accustomed to Mini-Z racing, or for challengers seeking to test their skills in competition.

	Class	Finals Eligibility to compete	Event Date	Chassis ※8 ※9	Body ※3 ※11	Battery	Motor / Pinion & Spur Gear	Trans- mitter	Tires & Wheels	
EVO NOVICE	EVO Novice Class	Final / Concurrent Race Participation Rights ※ 7 ※ 8	Saturday	MR-04EVO2	Only Kyosho or R246 MINI-Z Racer / AWD tires are permitted. ※8		MZ705 → 6T × 44T ※ However, motor RPM must be controlled via I.C.S. using the Blue motor setting. LED blinks 3 times.		Only Kyosho MINI-Z Racer tires are permitted. However, drift tires are excluded. *4 *5	EVO NOVICE
NTOURING	Narrow Touring Class	Granted (Representation Right)	Sunday				MZ706 → 9T × 44T ※ However, motor RPM must be controlled via I.C.S. using the Green motor setting. LED blinks 4 times.			NTOURING
WTOURING	Wide Touring Class	Granted (Representation Right)	Sunday	MR-04EVO2	Only designated bodies are permitted. ※ See table on the right.	SPEED HOUSE NiMH battery (No.71998)	MZ705 → 9T × 44T ※ However, motor RPM must be controlled via I.C.S. using the Blue motor setting. LED blinks 3 times.		Only Kyosho MINI-Z Racer tires are permitted. However, drift tires are excluded. ※ Tire outer diameter: in the case of Super Low Height tires, it is unrestricted; for all others, it must be at least 23.0 mm and no more than 25 mm.	WTOURING
MASTERS	Masters Class Limited to persons aged 50 and above.	Granted (Representation Right)	Saturday				MZ706 → 9T × 44T ※ However, motor RPM must be controlled via I.C.S. using the Green motor setting. LED blinks 4 times.		Reverse mounting of tires (installing with the tread groove facing outward), mounting that does not match the wheel width, and the use of wide wheels or tires on the front axle are not permitted. ※4 ※5	MASTERS
AWD	AWD Class	Granted (Representation Right)	Sunday	MA-030EVO2	Only Kyosho or R246 MINI-Z Racer / AWD tires are permitted.		MZ704 → 15T × 31T ※ However, motor RPM must be controlled via I.C.S. using the Red motor setting. LED blinks 2 times.		Wheels in the Masters Class are limited to the MZH020GM Watanabe Eight Spoke. ※ Wheels of the same design included with the White Body are also permitted.	AWD
LM	LM Class	Granted (Representation Right)	Saturday	MR-04EVO2	Only designated bodies are permitted. ※ See table on the right.		MZ704 → 9T × 44T ※ However, motor RPM must be controlled via I.C.S. using the Green motor setting. LED blinks 2 times.	Approved Transmitters for the MINI-Z Cup ※6	Only Kyosho MINI-Z Racer tires are permitted. However, drift tires are excluded. ※ Tire outer diameter must be 25 mm or less. ※5	LM

※ 1 The only permitted optional parts are MZW119B / 401 / 701 / 409 / 410 / 403 / 404 / 417 / 437 / 438 / 711.

※ 2 The Narrow Touring Class shall use MR-04N (Narrow) chassis types: RM / MM / MM2 / HM. Chassis width must be 70 mm or less. The Masters Class shall use MR-04N (Narrow) chassis types: RM / MM2.
*Except for the Wide Touring Class, MML mounts (those using LM differential shafts) are not allowed.

※ 3 In classes where the Nissan Silvia (S13) and 180SX can be used, combinations without modification are permitted.

※ 4 Modification such as tire cutting is not permitted. Attaching tires with double-sided tape to prevent detachment is allowed. However, the tape thickness must be based on R246 tape (R246-1041 / R246-1042), and application is limited to one full wrap. The tire outer diameter shall be measured at the smallest point for the front and the largest point for the rear. If officials determine that the tape was applied for the purpose of increasing outer diameter, disqualification will result.

※ 5 Bringing chemical agents for application to tires into the venue pit, as well as their use, is prohibited. If discovered, disqualification will result.

About motor

.Motors must be used in their original factory-shipped condition, without any modifications.

.If a motor is found to have been modified, the competitor will be disqualified.

.Attaching tape or similar materials to the joint between the endbell and motor can is prohibited, so that the condition can be visually inspected.

About RPM control

In the I.C.S. Manager, set the TH motor type to match the motor being used.

About the EVO Novice Class

Competitors who have earned qualification for the Final Championship are not eligible to participate. Those who obtained entry rights to the 2025 EVO Novice Class Final Championship may not participate for the entire 2026 season.

Please step up to another class and enjoy racing there. Entrants in the EVO Novice Class may also participate in other Sunday classes; however, they are not eligible to earn Final Championship qualification rights.

About batteries

Only SPEED HOUSE 800HV
AAA nickel-metal hydride battery
(No. 71998) may be used.

About measurement

At the tournament, the MINI-Z IC Tag
(No. MZW113R) will be used

About the course layout

The course layout will be announced at the start of entry registration.

About vehicle inspection

If a competitor is found to have committed a malicious regulation violation, they will be suspended from participation.

Designated body by class

•Nissan Fairlady Z (Z33) NISMO S-tune
•Nissan Skyline GT-R (R32 / R33 / R34)
•Nissan Skyline 2000GT-R KPGC10 (limited to long wheelbase "L")
•Nissan Fairlady 240Z series
•Nissan GT-R (R35)
•Nissan Silvia (S13 / S15)
•Nissan 180SX
•Nissan Sil-Eighty
•Mazda RX-7 (FC / FD / SA)
•Mazda Roadster (MX-5 Miata)
•Mazda Demio (Mazda2)
•Subaru Impreza series (all models)
•Subaru BRZ
•Subaru WRX STI
•Mitsubishi Lancer Evolution series (all models)
•Toyota GRMN Yaris
•Toyota Corolla Levin AE86
•Toyota Sprinter Trueno AE86
•Toyota Celica
•Toyota 86
•Toyota GR Supra
•Toyota Prius PHV (Plug-in Hybrid)
•Honda Civic Type R
•Honda Neo Classic Racer
•Honda NSX
•Porsche 911 GT3 RS
•Lancia Delta

•Lexus SC430 (2012)
•Honda NSX
•Honda HSV-010
•Audi R8 LMS
•Audi R8 LMS (2015/2016)
•McLaren 12C GT3
•McLaren P1 GTR
•McLaren F1 GT-R
•McLaren Senna GTR
•McLaren 720S GT3
•Chevrolet Corvette ZR1
•Chevrolet Corvette C8.R
•Chevrolet Camaro ZL1 1LE
•Mercedes-AMG GT3
•Dodge Challenger SRT Hellcat Redeye

•Nissan Skyline 2000GT-R KPGC10 (limited to long wheelbase "L")
•Nissan Fairlady 240ZG / Z-L
•Mazda RX-7 (SA22C)
•Toyota Corolla Levin AE86
•Toyota Sprinter Trueno AE86 (limited to long wheelbase "L")

•Toyota GT-One TS020
•Sauber-Mercedes C9
•Mazda 787B
•Porsche 962C LH

※Through collaboration with the event venue, classes may be held in which the permitted bodies are specified.
※Bodies fitted with Garage Hiro aero parts are not permitted.

※ 6 [KYOSHO] Syncro KT-432PT / Perflex EX-5UR / Syncro EX-6(R) / Syncro KT-531P / Flysky Noble NB4 series / Futaba 4PM Plus
[KO] EX-10 Eurus / Esprit IV ASF 2.4GHz / EX-1 ASF 2.4GHz / EX-2 MHS 2.4GHz / EX-RR / EX-LDT / EX-NEXT / MC-8
[FUTABA] 7PX/7PXR/7XC/4PM/T10PX/6PV

※ 7 The Championship Final is scheduled to be held on Saturday.

※ 8 For EVO Novice, the body may be specified at the time of the Championship Final.

※ 9 The addition of weights, heavy objects, reinforcement plates, etc. is strictly prohibited, including MZW421.
Shims and washers must be round in shape and no thicker than 1 mm.

※ 10 It is not permitted to swap the main board with one from a different chassis type.

※ 11 Applying chemical agents to the body surface is prohibited.
